

# Let's Play Together

**Come on in and PLAY!**

**FREE Family Activity**

Play is a powerful tool that nurtures children's growth and strengthens the parent-child bond. Children develop essential social, cognitive, and physical skills during play while also fostering strong family relationships. Through simple, meaningful activities, families can create rich learning experiences filled with joy, creativity, and connection. Let's join in, spend time with our children, and get back to their level.

This workshop offers practical, creative, and fun ideas to help you engage in meaningful play at home, inspired by the principles of the BC Early Learning Framework (ELF).

Families with children 2-5 years old and their siblings are welcome.
