Just B4 Preschool

Just B4 programs are half-day licensed preschools specifically designed to support children the year before they enter Kindergarten. Our programs provide a positive and nurturing early learning experience while supporting children as they continue to learn, grow, and transition to Kindergarten. Our centres are part of the school system allowing families to become familiar with an elementary school community. Our Just B4 programs operate in conjunction with existing StrongStart centres and are housed at Walter Lee and Grauer.

StrongStart and Currie Early Learning Centre Program Schedule

StrongStart BC is a free early learning program for all children aged 0 to 5. Children attend StrongStart with their parent/caregiver. StrongStart BC programs provide rich learning environments designed for early learning development - language, physical, cognitive, social, and emotional. Our educator will lead learning activities where children find opportunities to make friends and interact with others of similar ages. Parents/caregivers attending a StrongStart BC Centre will enjoy play activities, circle time and a snack! Programs go outside when possible, so please dress for the weather and for playtime!

Our Baby Time Programs are designed to engage caregivers and their little ones (typically aged 0-18 months) in early learning activities with a focus on sensory play, interaction, bonding, and early literacy development. They also provide opportunities for caregivers to connect with each other and share experiences.

To keep our centres spacious for an optimal learning environment, each family can have one adult attend with their child(ren) and are required to book an appointment in advance. Please limit your attendance to one/two sessions per week and to register at no more than 2 centres. Parents/caregivers will be asked to complete a registration form and provide a copy of your child's birth certificate or equivalent on their first visit.
